Skills you would bring to the MAEOE board:

Communication with the greater Michigan science community
 Extensive life-long membership in MAEOE
 Now retired with a lot of time on my hands ready to do most anything to contribute MAEOE
 Outdoor instruction with children and professional training of teachers and the greater community

Promoting environmental literacy through education

Please describe any past experience you have as a MAEOE volunteer, or serving on another board, or in a leadership position.

Past president of MEEA, MAEOE, and MDSTA
Conference chairperson for MAEOE conferences and MDSTA conference two years with over 3,000 participants in Canton, MI.
Michigan PLT State Advisory Committee
Executive Director of MDSTA for 14 years
President of the National Middle Level Science Teachers Association

Why do you want to serve on the MAEOE board?

I believe in the mission of MAEOE. Our challenges have never been greater. I am an advocate of environmentalist change deeply concerned with the political state of Michigan and our nation and its relationship to science and the environment.
Together we are a state voice for sustainability and considerable change from our past.
The state has made clear progress but we remain largely reluctant to accept the science before us.

In your opinion, what should be MAEOE's top priority in the coming year?

Serving our membership with leadership in public education leading to a sustained world.
Bringing the best models of education to our membership.
Working together with a renewed team work.
I promise to support our leadership team with my best work.

Please list 2 professional references, their titles and their phone number. One MAEOE past or present board member is encouraged, in addition to a MAEOE member, coworker or volunteer that has worked with you as part of a group project or team.

Joan Chadde, Michigan Tech University Center for Environmental Education.
Mike Reed, Detroit Zoo Education Consultant
